

ATTENTION
CONTRACTORS, BUILDERS AND DEVELOPERS
PROTECTIVE TREE BARRICADE REQUIREMENT ON
CONSTRUCTION SITES

Article 16 of the City of Orange Beach Zoning Code establishes protective regulations for heritage and protected trees.

Beginning February of 2007, the City of Orange Beach will be conducting unscheduled inspections of construction sites to verify that City tree protection barricades are installed and properly maintained. Failure to comply with the Tree Ordinance may result in citations, fines and/or court appearances for each offense.

Attached is information relating to tree barricades as well as other pertinent information from Article 16. Please keep this information for your use on this project and any future projects that you are involved in.

You can also contact the City of Orange Beach Engineering and Environmental Services for additional information at (251) 981-2610.
