PLEASE INITIAL THE METHOD(S) USED FOR COMPLIANCE

- _____ The pool will be installed so that access from the home is restricted by a compliant (minimum 48") barrier.
- _____ The pool will be equipped with a power safety cover in compliance with ASTM F1346.
- _____ All doors with direct access to the pool will be equipped with an alarm which will produce an audible warning when the door is open. The alarm will be designed such that it will sound for a minimum of 30 seconds and is capable of being heard throughout the house. The alarm will receive primary power from the electrical service.
- _____ Doors with direct access will be self-closing and provided with self-latching hardware located at a minimum of 54" in height.

Application is made herewith for a permit to construct a swimming pool/spa on the premise stated above. The applicant hereby agrees that the construction will comply with the provisions of all legally adopted codes and ordinances and in accordance with the approved plans. **The applicant agrees to install and maintain a protective barrier during construction. The owner agrees to maintain the barrier and/or safety equipment as constructed.**
